Hidden Profiles

Category : Web

Description :
This user profile page uses IDs to load different profiles. But what if you could access other users' profiles? Can you find the admin's hidden profile?

Hint : Access other profiles -> May be IDOR

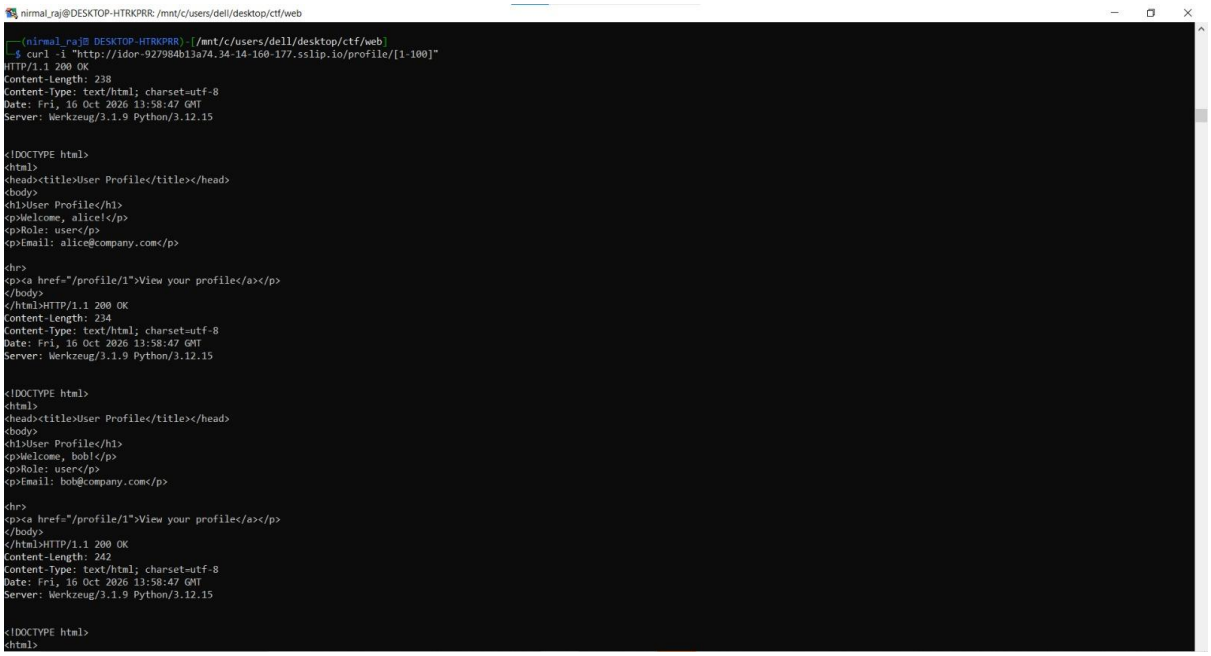

Step 1: Opened the Website

Step : Using the hint in the page viewed /profile/1

Step 3 : To check the idor vulnerability and to find the flag , used curl request

From this found only the 3 profiles have 200 request , other have 200 but the users are not found .

Step 4 : Viewed /profile/0
